

## CONSENT FOR WELLNESS SCREENING

**INSURANCE DOES NOT COVER WELLNESS SCREENINGS**

**ADDITIONAL FEES ARE DUE TODAY**

1) **Optomap Wide Retinal Imaging:** A high definition, wide picture of your retina, interior blood vessels and optic nerves. Dr. Sosebee recommends this to everyone especially those over the age of 40 and anyone with medical conditions such as diabetes and high blood pressure. The imaging also serves as a very important baseline, so every year your eyes can be compared to past images to monitor even the smallest of changes. **The imaging can sometimes eliminate the need for dilation. Cost: \$35.00**

2) **Wellness OCT:** A quick, non-invasive scan to see beneath the surface of your retinas. The OCT scans the eye like an MRI and offers an opportunity to detect signs of vision threatening disease decades earlier, when it is most treatable. **Cost: \$20.00**

\_\_\_\_\_ **Yes, I want Digital Retinal Imaging only. (\$35.00)**

\_\_\_\_\_ **Yes, I want Wellness OCT scan only. (\$20.00)**

\_\_\_\_\_ **Yes, I want both screenings at discount rate. (\$45.00)**

\_\_\_\_\_ **No, I do not want Digital imaging or OCT Scan.**
